Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Friday 10 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Blustery showers this morning, becoming drier, brighter this afternoon. Cold.

Today:
Blustery, occasionally heavy showers this morning, focused in the west and wintry on high ground. Showers becoming fewer and lighter this afternoon with more sunshine. Strong, gusty westerly winds gradually easing down. Maximum temperature 7 deg C (45 deg F).

Tonight:
Dry with clear periods, light winds and an early frost well inland. Clouds thickening later tonight with freshening southerly winds and temperatures recovering. Rain reaching Western Isles by morning. Minimum temperature -2 deg C (28 deg F).

Saturday:
Cloudy with rain quickly extending to all parts, becoming heavy for a time then dying out during the afternoon. Bright spells developing, especially east. Strong southerly winds easing later. Maximum temperature 10 deg C (50 deg F).

Outlook for Sunday to Tuesday:
Dry, bright on Sunday morning. Becoming wet windy later with risk of severe gales on Sunday night. Brighter, showery on Monday, then persistent rain on Tuesday and staying quite windy.
